Asbury, New Jersey 08802

Dear Mr. Petrucci,

I just returned from a meeting at 1137 Globe Avenue during which we discussed our next school year for The Arc Kohler School.

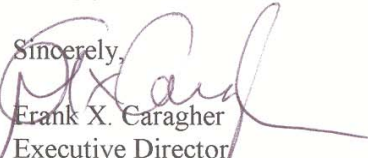

The building looked wonderful and it continues to impress all our guests, visitors and families that we entertain during the course of the year. Our enrollment is established at 75 children for this September. That is up from 55 last September and ahead of our business plan by 10%. Though we run a great service, we know the building has become a significant part of our success.

After looking for eight years for the right spot, I cannot explain how gratifying it is to see the school up and running. The success we are realizing is beyond what we could ever have anticipated after such a long search.

Your team, field people and contractors share in this success because you delivered exactly what we were asking for in an extremely short timeframe. We could not have asked for a better partner in this venture.

I wanted to share with you how we feel as we approach the beginning of a new school year. I hope you appreciate how thankful we are to your company.

Thank you for your continued interest and support of our organization. I look forward to seeing you in the near future.

Sincerely,

Frank X. Caragher
Executive Director
The Arc of Union County

A United Way Member Agency

The Mission of The Arc of Union County is to empower and support people with developmental disabilities and their families. This organization will utilize all its resources to ensure our members, their families and all people with developmental disabilities associated with our organization realize a full, productive and enhanced life.
