J. G. Petrucci Co., Inc.
171 Route 173
Suite 201
Asbury NJ 08802

Dear Jim:

I would personally like to thank Tom, Dave, Mike, Carmine, Brian and you for the truly professional design build project that Petrucci has done for Hertz Supply Co., Inc.

At the beginning of this project it was my intention to rent additional space. After looking around the Valley I could not find a suitable rental or existing building for purchase that would meet our needs. As the president of a fast growing business and having little additional spare time, I was concerned with the prospects of a new building project. The professional manner in which the Petrucci people worked on our job allowed me to continue with my business operations with the least possible interference. This was extremely important to me.

During my initial search for a building there were several projects that I had considered. These required Petrucci to estimate costs for renovations on two separate occasions. The other contractors I had contacted wouldn't even talk with me without money on the table for their estimates. As a result of Petrucci's interest in my business and their help with the initial project comparisons, the decision to go with Petrucci was easy for me to make.

Throughout the project everything happened as promised. From a cost standpoint, it was important to me that the project stay on schedule. Despite one of the rainiest seasons on record the project came in on time, allowing us to continue our projected growth according to plan.

Since the job has completed there have been very few items that needed to be sorted out. These few items have been promptly resolved and our customers and employees are now enjoying the new facility. We are pleased with our new office and distributions center and the work that Petrucci has done to make that happen.

Thanks again.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeffrey S. Hertz".

Jeffrey S. Hertz
